Engineers with qualifications and experience are eligible to apply for MGATE status. Members can vote.

Student and recently qualified engineers are eligible to apply for AGATE status.

Anyone interested in GATE may join as an Affiliate.

Close collaboration between professions is vital to the transition to a sustainable future. GATE will facilitate dialogue between professionals engaged in the endeavour towards sustainability. As we launch GATE, we are seeking to define exactly how membership can be made valuable for our peer professionals, within the rules of the Engineering Council. GATE will make available to peer professionals the same benefits as to Engineer Associate members, although at present we cannot award post-nominals.
